

Media Packages

We love storytelling.

Some Notes to keep in mind and overview.

All these packages are customizable. (Ex. If you would like only 5 hours but have over 120 guests and maybe wanted a second photographer we can add that). Another small note to keep in mind when choosing a package is that if you get more hours of coverage, the creative shots and overall creativity does get easier for us as a creative team/perspective. Mostly just cause we are not pressed on time.:)
